

## Offer a true endless aisle & get real-time insight into your business

**“The SAP connection will ultimately enable a comprehensive activation of our multichannel strategy. The team at retailsolutions fully met our expectations of a professional and collaborative partnership.”**

*Matthias Baumann, Director, Office World*

**How much more successful could you be if you had real-time, accurate insight into your business information?**

**What if you could meet customer expectation with reliable stock information – both online and in-store?**

We are excited to introduce you to RapidRetail by retailsolutions. A powerful software-and-services solution for retail based on SAP S/4HANA platform which gives you advanced ERP in as little as 16 weeks. Pricing starts from £235 per user per month over 5 years.

**Here's a sample of the ways RapidRetail can support you...**

Create truly endless aisles by seamlessly linking your supply chain to your consumers.

View accurate and coherent sales, stock and intake information – by week and by season.

Display accurate stock levels online so customers know exactly what's in-store locally.

Launch pop-up stores quickly and easily: take advantage of reduced property rates to shift stock faster or test the market in a new area.

**“SAP delivers more reliable data and thus better decisions. SAP brings advances in work areas and processes. With retailsolutions, we have found a partner who could effectively implement these advantages for us. That is impressive.”**

*Marcel Dietrich, Business Executive Globus*
